obituary details of the deceased person as well as a list of events that occur at the funeral service. How to create a funeral program at STEPSStep 1: 7: Collecting dead person information before you start to create a funeral program, it's important that you know the background of the dead person. So be sure to get information from relatives or someone who was close to that person so that you can start creating a timeline of the events of their lives. Step 2: Open an empty document after gathering information about the person, start by opening an empty document. It can be a two-fold brochure or a three-fold brochure. Customize the layout in any selected file format to suit the information you're offering. Decide on the type of background you want to have for the funeral program. Most people use subjects that include sunsets, flowers, mountains, beaches, sky, etc. Step 3: Now, front pages, it's time to start work on the front cover as everyone is obliged to notice at first. Keep the eyes happy by mentioning the details of the deceased person such as his name, date of birth and date of death. You should also put their image on the front page. Make sure you choose their best picture and that is of high quality and resolution. Towards the end of the front cover, you can mention the venue details as well as the time when the funeral program will take place. Step 4: Obituary DescriptionNext, you can proceed to enter the obituary program details of the person concerned. Mention how the person passed away and a little background information about his family. A list of their hobbies and basically important life events can be recorded in this section. Step 5: Order of Service Once you have mentioned the obituary details, enter the order of service details. It can include any music, psalms, prayers, poems, singing, etc. Keep in mind that the order of service should be written in a systematic manner. Step 6: The back cover back cover can have a thank you note so you can accept people to attend the event. You can also include another picture of the deceased person. If the deceased person was associated with a charitable organization, you can refer to details about them on the last page so that interested ones can contribute there. Step 7: After completing all the above steps, you can save the file and print it. It's always best to get it printed in high quality as most people make this final as a Programs tend to keep Of a kiech.
