Just tap your finger over the grid of crosswords and tease your brain as you try to find the hidden words. There are no frills to this game, just good old-fashioned brain teasing through word puzzles, and as the game promises, you can play it in a variety of languages, apart from English. There are also various topics to address, such as movies, music, animals, food, celebrities, and more. There really is nothing to be careful for in terms of unexpected twists and turns into the mechanics of the game. But there may be some words that aren't familiar enough for you, and they're not easy to figure out the first time around.
